

## BOOK PROPOSAL (Group B)

### PROJECT MEMBERS (GROUP MEMBER)

- April (leader), Alex, Azusa, Seki, Mari, Nagae, Yuki, Hatayu, Hayashi, Hona, Hongjin

**PROPOSED TITLE** - Seki-san's smart day (せきさんのスマートないちにち)

### AUTHOR, EDITER (WRITING TEAM)

- April, Alex, Azusa, Mari, Hayashi, Hona, Hongjin

### ONE-SENTENCE DESCRIPTION

- Let's take a look at the Seki's one day which is full of advanced technologies.

### CATEGORY (GENRE)

- Education, Computers & technology, e-book

### AUDIENCE (TARGET)

- 10-15 years old

### PURPOSE AND NEED (CONCEPT and CONTENTS)

- We hope this book can cultivate younger people's interest about advanced technologies of machine learning. Actually, for younger people this area might be a little bit difficult and boring for younger people. However, the advanced technology is very important, because it is already in everywhere around us and changing our life in many ways. So, we decided to publish this book to introduce an advanced machine learning technology in an easier way and attract their interest about it by using a story of one man named Seki-san.

### PROPOSED OUTLINE (TABLE OF CONTENTS)

Chapter 1	02:14PM _ How Seki-san tell his girl friend's feelings?
Chapter 2	08:00AM _ Seki-san's smart newsfeed.
